## IF GETTYSBURG DOESN'T WANT BIG SIGNS, THEY WON'T BE USED

There will be no overhead directional signs placed in Lincoln Square unless the people of Gettysburg want them, State Highway Engineer H. E. Pomeroy told a meeting of the Gettysburg Chamber of Commerce Highways Committee at its meeting Thursday afternoon in the Elks home.

Pomeroy expressed his appreciation to Mayor William G. Weaver for writing him a letter June 13 asking that plans for the signs be held in abeyance.

He said that, after borough council had signed a request for the overhead signs at its meeting June 4, he had begun work on the plans and was about to seek bids when he received the mayor's letter.

"UP TO THE TOWN"

As a result of the letter, he "put the plans in a pigeon hole. Up to that point there had been no cost, but I would have hated to have asked for contracts and then have the town change its mind."

Pomeroy said the plans will remain "in the pigeon hole" until he receives a letter from borough council "stating that I should abandon the plans or go ahead with them. The decision is entirely up to the town."

The state highways engineer said he had begun the plans in response to a "an unanswered letter from the Gettysburg borough council that I found on my desk when I was assigned to it two years ago."

### REQUESTED BY COUNCIL

The letter asked the state highways department to consider a plan to make it easier for tourists to find the way they wish to go once they enter the square. The plethora of signs in the square at the present time is confusing, particularly when the sign indicates that the motorist should turn left when another sign at the same point tells him to turn right.

Pomeroy commented: "You would think the motorist would be able to figure out that he has to go around the square to get left, but from experience you find that many motorists just can't figure that far."

Pomeroy said overhead signs at the exits from the square "are the only thing that I can figure would be simple enough and easy enough to inform the motorist just how to get to where he wants to go. I've tried and tried to figure out methods of telling him to go right in order to go left, as is necessary if you put the signs in the center plot as they are now, and there just is no simple way to do it. If you put the sign at the exits from the square you can give all the information needed in just a few short unconfusing words."

### PREDICTS MORE TRAFFIC

He said the size of the signs "is dictated by what the motorist can read. Experience on the intersections at South bridge just outside Harrisburg shows small signs simply are not seen by the motorist, no matter how slow he might be going." He added, "Believe it or not—if you go out into the center plot of the square now and measure those signs you will find they are almost as big as the ones that would be placed overhead at the exits from the square."

Pomeroy said that he was in a way pleased that he is not going to put overhead signs at the exits from the square "because as soon

## HENRY BREAM TO HEAD CHEST FUND APPEAL

Henry T. Bream, director of athletics at Gettysburg College, has been appointed chairman of the Community Chest campaign this year. He has served on the chest drives on several occasions

HENRY T. BREAM

and last year was chairman of the special gifts division.

Bream succeeds Douglas Houston who served as chairman last year, to raise funds for the nine participating agencies.

Bream said "that even though the 1961-62 campaign raised more money than had been previously raised, the total needs of the agencies were not met. These needs can only be met if the citizens of Gettysburg will support the chest drive and attain the goal figure set in mid-July by the budget committee."

He added that a complete re-evaluation of the campaign structure must be made to determine where this additional support must come from.

## County Democrats To Elect Tonight

Democratic County committee men and women who were elected at the May primaries will gather at the courthouse this evening at 8 o'clock to elect a county chairman, vice chairman and treasurer. The new chairman will appoint a secretary and executive committee.

Fred G. Klunk, New Oxford pretzel manufacturer and director of the State Employees' Retirement board at Harrisburg, when asked this morning if he is a candidate for re-election, answered: "I suppose so."

He said he knows of no opposition candidates. Mr. Klunk has been county chairman for nearly 18 years. He was elected at the convention in 1946 but had served out most of the term of his predecessor, Carl W. Kane, when the latter had to step out of the post for health reasons. Klunk has served continuously since that time.

## SAYS FRUIT TO BE PICKED SOON BY MACHINES

"In five years, much of the fruit in Adams County may be harvested by mechanical means."

That was the "guess" made by Carl Bittner of Pennsylvania State University at a meeting of the Fruitgrowers Association of Adams County Thursday evening at the Biglerville High School auditorium.

In line with Bittner's comments on the success of mechanical "shakers" so far and the expected improvements in the machines, County Agent Frank Zettler announced that the C. H. Musselman Company plans to experiment with one of the mechanical devices for cherry picking this season. He said that the company and the extension office will arrange for an evening demonstration of the use of the picker toward the end of the cherry season to permit county growers to study its operation.

### SOME PROBLEMS

Several growers commented that if the machine proves successful the "entire harvest of cherries in Adams County will be by machine within two years."

Present experience with the machines, Bittner said, shows that picking can be accomplished at a much lower cost, but the machines also garner larger quantities of "dirt, tiny twigs, etc.," and processors will have to work out a system of separating the cherries from the dirt to make the project practical. He said he believed such systems can be worked out.

Bittner spoke mostly on cherries, observing that the price for the fruit will under present conditions force the "poorly planted" orchards out of operation.

### "PICK YOUR OWN"

Cherries have the advantage of being a cash crop early in the season "to help pay some of those bills for sprays and fertilizers that have been hanging over you for far too long in the season." At the same time cherries

## New And Old On Route 15

"Old Route 15," a new section of "old Route 15" and the "new Route 15" construction are shown in this view of the highway work near Fairplay on the Emmitsburg Rd. south of here. The truck is on the present Route 15. The bridge is being constructed to take the rerouted present Route 15 over the "new Route 15." The four-lane new highway will pass under the bridge and pass over approximately the spot where the truck is shown, obliterating that section of present Route 15. The relocation of present Route 15 will begin near Fairplay, cross over the bridge and then join present Route 15 south of the new limited access road. (Times photo)

## Philippines Press Claim To British North Borneo

LONDON (AP)—The British government repudiated today a Philippine claim to sovereignty over North Borneo.

A Foreign Office statement said proposals now are being considered to incorporate North Borneo into a new Commonwealth country to be known as the Independent Federation of Malaysia.

In the light of that, the statement continued, the British government would feel bound to resist any such claims as those advanced by Manila.

MANILA (AP)—President Diosdado Macapagal today claimed Philippine sovereignty over British North Borneo and proposed that Britain and the Philippines begin negotiations to settle the issue.

Macapagal told a news conference he had received a note from the British government asserting British ownership and sovereignty over the disputed territory.

"I have today instructed the acting secretary of foreign affairs to hand a note to the British ambassador embodying our position which is to assert ownership and sovereignty to North Borneo," the president said.

### FRIENDLY RELATIONS

Macapagal discounted the idea that the Philippine claim might have disturbing effects in Southeast Asia.

He said the Philippines and Britain have always maintained friendly relations and "the government of the Philippines believes any dispute between the two countries can be settled amicably."

The Philippine claim is based on the contention that the sultan of Sulu leased and did not sell

## BLAST, FIRE IN ABINGTON LEVEL PLANT

ABINGTON, Pa. (AP)—A thunderous explosion, followed by a fire, destroyed a rubber products manufacturing plant in this Philadelphia suburb Thursday night, injuring one man seriously.

Police said the blast, which shattered windows in neighboring homes, was followed by two lesser explosions. Firemen had to wade through a sea of molten rubber to fight the blaze in the one-story frame and cinder block building of Huntingdon Industries.

Listed in serious condition at Abington Memorial Hospital was Raymond Di Francesco, 33, of Roslyn, an employee who was in the plant when the explosion occurred. He suffered burns of the head, chest and arms.

### SAVED BY CHANCE

The plant, the Balata Division of Huntingdon Industries, was located at Washington Lane and Old Mill Rd. in the fashionable Meadowbrook Section of Abington Township. Open fields separating it from nearby homes kept the blaze from spreading.

Smoke from the fire could be seen 12 miles away in downtown Philadelphia. Hundreds of cars jammed narrow roads in the area for more than a mile in every direction, police said.

Lawrence Rakes, the only other workman on the 4 p.m. to midnight shift, had gone out for a sandwich minutes before the first explosion.

### SOLVENT IGNITED

Fireman Thomas Pearce, 22, of the McKinley Fire Co., was treated at the scene for smoke inhalation and heat prostration.

The explosions were believed to have been caused by flames igniting rubber solvent stored in tanks.

The plant, owned by Edward Marshall, occupied part of what was once the Marshall estate.

Firemen pumped water from a pond 1,000 feet away. They had no hope of saving the building but sought to keep the blaze from spreading.

A damage estimate was not immediately available.

## Eastern League

**By THE ASSOCIATED PRESS** "I've just got to make good." Lew Krausse, the \$125,000 bonus baby, said it after the Kansas City Athletics assigned him to Binghamton of the Class A Eastern League for more experience.

The 19-year-old right-hander from Chester, Pa., further ventured the opinion that rather than the pressure being less on him it would be even greater in the minors.

Krausse bounced back June 10 after being sidelined since May 18 with an elbow tear. He pitched six strong innings against Charleston to gain his fourth victory against three defeats.

He made another start June 17 against Springfield but was chased in the second inning after giving up seven hits and four runs. Binghamton later rallied to win the game.

But he bounced back again Thursday night to beat York 4-1 and in the process, when he was one out away from a complete game, a hard line drive struck him on the right shin. At first it was thought he may have suffered a broken bone but X-rays proved negative. He only suffered a bruise. Still, he is expected to be sidelined for one pitching turn. He'll have to snap back again.

In other games Thursday night, Williamsport extended its winning streak at home Bowman Field to 19 straight with a 13-7 victory over Charleston and a 14th inning homer by Ray Youngdahl gave Elmira a 2-1 victory over Springfield.

Krausse pitched Binghamton to its eighth victory in the last 11 games. He gave up eight hits and struck out 11. Ken Harrelson's triple drove in two Binghamton runs in the sixth inning, providing the margin of victory. Wilbur Wood (4-7) was the loser.

## RITCHIE MAY GET BIG SUMS

**Associated Press Special Service** WASHINGTON (AP)—Flt. Ritchie, Md., projects to cost a total \$2,032,000 are proposed in a military construction authorization bill expected to go to a House-Senate conference committee.

The measure, as passed by the Senate Thursday, differs on a number of proposed items from the previously-passed House version. The Flt. Ritchie projects have been approved, however, by both the House and Senate.

The Flt. Ritchie proposals include construction of a dispensary, \$255,000; two enlisted men's barracks, \$984,000; a bachelor officer's quarters, \$455,000; and a noncommissioned officers' open mess, \$338,000.

President Kennedy's budget for the year beginning July 1 also recommends \$305,000 for an enlisted women's barracks, authorized in a previous year, but no action has been taken on this so far this year.

"The reason for our happiness, I think, is because I've always worn the trousers in this house," said Burgess. "There's no other way."

## POLICE HUNT SLAYER OF 2 SCHOOL GIRLS

MORRIS TOWNSHIP, N.J. (AP) — Police waged an intensive investigation today in the bludgeoning slaying of two pretty high school girls whose bodies were found off a lonely road in a wooded area here Thursday.

An 18-year-old youth, an acquaintance of the girls, was questioned for several hours, given a lie detector test and later released.

Prosecutor Frank C. Scerbo said the youth admitted talking to the girls at a soda shop Wednesday night.

The victims were identified as Margaret Ann Kennedy, 16, and Noreen Buckley, 17, both of Morris Plains.

### WERE NOT ATTACKED

Police said the girls were fully clothed and had not been raped. Medical Examiner William F. Costello, who performed autopsies, said each died of severe blows on the head.

A tire iron was found not far away from the bodies. Police said it could have been the murder weapon.

Three boys, hiking along a narrow dirt path, came across the body of the Buckley girl. The boys at first believed she had been run over by a car. They rushed to police.

### LAST SEEN WEDNESDAY

Authorities combed the area and discovered the body of the Kennedy girl about 300 yards away in the woods.

Police said the girls were reported missing Thursday after they had failed to return from a shopping trip to nearby Morristown. The bodies were found about 4 p.m.

Both girls were students at Bailey-Elliard High School, a Roman Catholic school in Madison.

The girls had been last seen about 8 p.m. Wednesday, police said, when several friends had reported talking with them at a soda shop near the center of Morristown.

## WILSON GROUP IS FOUND IN NEPAL SECTOR

WASHINGTON (AP) — The White House said today the mountain climbing party that includes a grandson of Woodrow Wilson has been found in Nepal. All four in the group which had been unreported for weeks were reported safe but weak.

The White House said Army headquarters in Katmandu received word at 4 p.m. today (Nepal time) that the three Americans and one Swiss had been located at a village called Khum Bazar in the area of Namche Bazar.

### RECEIVE CABLE

Press secretary Pierre Salinger said the cable received by the White House and State Department described the four as "in weak condition."

They have requested evacuation by helicopter. The U.S. Embassy in Katmandu is trying to arrange for a helicopter flight, Salinger said.

One of the quartet is Woodrow Wilson Sayre, grandson of the late president and brother of the Very Rev. Francis B. Sayre Jr., dean of Washington Cathedral. He is a Tufts University professor.

### LIST OTHERS

The others are Norman Hanson, Boston lawyer; Roger Alan Hart, a Tufts research student, and Hans Peter Duttler, a school teacher who has Swiss citizenship.

Nothing had been heard from the climbers since they left their base camp in eastern Nepal May 2 for the final attempt to ascend

Such controls were the only hope of reducing costs of federal price support programs, backers of the measure claimed.

The Senate already has passed a bill very similar to the one snuffed out in the House. The Senate measure could be brought to the House floor if it is approved by the House Agriculture Committee. But this did not appear likely because the committee approved its own bill by a margin of only one vote.

Rep. Harold D. Cooley, D-N.C., chairman of the House Agriculture Committee and floor chairman of the bill, indicated it was unlikely the House would act on the Senate bill.

Secretary of Agriculture Orville L. Freeman had invested an enormous amount of time and effort to persuade his fellow Democrats to vote for the bill, and spent most of the three-day debate in an office just across a hall from the House chamber. Republicans derided his efforts as pressure tactics and arm-twisting.

Just after Thursday night's vote, Freeman emerged from the office looking stunned and unbelieving.

"I expected it to go the other way," he said. "I'm still trying to find out what happened."

Most of the Texas, Mississippi and Virginia delegations voted with the Republicans, in spite of an arm-long list of amendments accepted by the leadership in an effort to sweeten the bill for their areas.

But some Northern and Western Democrats classed as party faithful or liberals joined too. They included Neal Smith of Iowa, John Roush of Indiana, Joseph Montoya and Thomas Morris of New Mexico, Leo O'Brien of New York, John E. Fogarty of Rhode Island and others.

If only six of these had voted the other way, the bill would have carried.

WASHINGTON (AP) — Rep. Leon H. Gavin, R-Pa., says the administration's proposed elimination of eight reserve and National Guard divisions "simply doesn't make sense."

He said in a statement to the House Armed Services Committee Thursday that the proposed reorganization of the Department of the Army is "not an Army plan but in reality is a decision by the Secretary of Defense to simply reduce the size of our reserve forces."

Gya Chungkang peak, 23,910 feet high on the Nepal-Tibet border. The peak had never been mastered. It is situated 12 miles east of Mt. Everest.

The White House had no details. It was not immediately known how the climbers had been found nor what contact had been made with them.

## 5 Interchanges

(Continued From Page 1)

to come out on present Route 15 at a new site south of its present intersection.

**DIAMOND INTERSECTION**  
Twp. Route 329, north of 313, will be closed and connect with 313 west of the bypass.

New Route 15 will cross present Route 15 just south of Fairplay. A diamond type intersection will be constructed there and present Route 15 will be relocated west of its present site to go by bridge over new Route 15.

Legislative Route 10125, which at present enters Route 15 at Fairplay, will be relocated, coming into present Route 15 south of its crossing over new Route 15.

### TWP. ROADS CHANGED

After crossing Marsh Creek, the new Route 15 heads north, with state route 10154 crossing over the new road by bridge. Township Route 407 will be closed and connected to 10154.

Route 10102, the road from present Route 15 to Barlow, will be relocated to cross over the new Route 15 at a less acute angle and Twp. Route 404 will be cut and will be brought to intersect with the Barlow Rd.

The Taneytown Rd. will pass over the new Route 15 and Twp. Rd. 411 will be relocated to connect with the Taneytown Rd. south of where it passes over the new Route 15. The new road will "just miss" Howe Ave. on the battlefield and continue north. Twp. Rd. 417 will be relocated to connect with Twp. Route 408 and an overpass will be provided over the new Route 15.

### WIDTH VARIES

Width of the new road, the distance covered from one berm of the two-lane traffic to the berm of the other two-lane section with an open space in between, will vary from 60 feet to 220 feet along the road.

Littlestown Rd. will be crossed at the schoolhouse now turned into a home. The Littlestown Rd. will pass over new Route 15. As the new roads heads north Twp. Rd. 421 and 416 will be cut and connected with the present Hanover Rd. The new highway will go over the present Hanover Rd. at the Hutchison farm.

At the Lincoln Highway the new road will cross present Route 30 which will be widened to a four-lane highway at that spot and a modified cloverleaf intersection will be placed. At the Emmitsburg, Taneytown, Littlestown and Hanover Rds. diamond interchanges will be constructed.

North of the Lincoln Highway, Twp. Route 509 will be cut and connected with the Hunterstown Rd. which will be relocated to go over the new Route 15. The Penn Dairies road will be relocated to connect with the Hunterstown Rd. Twp. Rds. 513 and 534 will be cut off.

At the Shriver's Corner-Hunterstown Rd. the new highway will pass over the road. The present construction will end just north of that road. A 24-foot road will be built from the present Route 15 at Shriver's Corner along the road toward Hunterstown as far as the new highway so that motorists may enter the new section at that point.

Later the section of the new road north of the Hunterstown-Shriver's Corner road will be constructed—possibly for completion in 1964. Route 524 will be cut off and connected to the present Shriver's Corner-Hunterstown Rd. The Stone Jug Rd. Route 530, will go over the bypass and Route 520 will be cut off. Near Twin Bridges the road will cross the Coneago Creek and will also cross Route 562.

### FUTURE COURSE

Swinging to the east the road will pass to the east of Heidlersburg "just east of the barn with the six silos," and will cross over Route 234 at Heidlersburg with a diamond interchange to be constructed. State Route 10109 and Twp. Rd. 568 will be cut off and connected with other routes.

Continuing north toward York Springs, the new Route 15 will join the present bypass around York Springs north of the houses along the area where the present bypass rejoins old Route 15. The new connection will be east of the houses, according to present plans. The present connection between the York Springs bypass and present Route 15 will be cut off at that point.

### NO SERVICE AREAS

Pomeroy said that north and south of Gettysburg signs will be erected along the new road stating "Next five interchanges for Gettysburg." The interchanges then will be named "Lincoln Ave." at Shriver's Crossroads; "York St." at Route 30; "Hanover St." at Route 116; "Baltimore St." at the Littlestown Rd.; "Taneytown Rd." at Taneytown Rd. and "Steinwehr Ave." at the Emmitsburg Rd. intersection.

There will be no service areas along the new road, Pomeroy noted, so persons wishing gasoline, motels, restaurants, etc. will have to leave the new Route 15 to obtain those services.

as they go up we'll have a flood of requests from other towns for similar signs."

In response to a question, Pomeroy held to the belief that the new Route 15 around Gettysburg will not solve the problem of traffic in Lincoln Square.

"From what people tell me you are going to have just as much, if not more traffic in the square after the new road is built. The new road will remove the trucks and the through traffic, but it will also bring a great number of people who want to see Gettysburg, but want a good road to get here. You'll find an increase in tourist traffic even from such nearby spots as Harrisburg. With a good road to travel they will come here by the additional hundreds and maybe thousands."

### WOULD "RUIN" PLANS

Charles Bender, county commissioner and Lincoln Square merchant, was foremost among those present at the meeting who held that the overhead signs would:

"Ruin our plans to give Gettysburg a historic look. Campaign Gettysburg is proceeding well and by the end of this year our town should look much like it did in 1863. To put in huge overhead signs at the square, 18 feet long and seven feet high, would ruin what we are trying to create. I think we should attempt to alleviate the problem of directions in the square, but I don't think this is the way it should be done."

Julius Swope, chairman of the Highway Committee for the Chamber of Commerce, presided at the meeting. Members of the Chamber of Commerce Committee, Mayor Weaver, members of the Junior Chamber of Commerce and the engineers from the state highway department attended.

## DRY WEATHER WARMS NATION

By THE ASSOCIATED PRESS

Sunny, dry weather warmed much of the nation again today. The good weather pattern was broken here and there by thunderstorms and by fog that shrouded long stretches of the Atlantic and Pacific coasts.

A sizzling heat wave continued unbroken in the Southwest where a high of 113 was reached Thursday at Blythe, Calif. Readings in the 100-plus range were common.

Elsewhere in the nation temperatures were near normal for the first full day of summer. Readings early today were mostly in the 50s and 60s outside the hot Southwest.

The main exception was the Far West where a cooling trend continued and where fog lay along the central and southern Pacific coastlines. Fog also covered the northern and central Atlantic Coast and some spots in the Ohio Valley and along the Mississippi in Missouri and Southern Illinois.

## Will Install Laos Cabinet On Saturday

VIETIANE, Laos (AP) —

Prince Souvanna Phouma announced tonight agreement has been reached among the three Laotian factions of all points of difference which have been delaying the inauguration of a coalition government.

Souvanna, who will head the coalition, said the cabinet will be installed Saturday.

Thus the off-again, on-again plans for establishing joint rightist, neutralist, leftist rule over this troubled land to make it neutral in the cold war appeared once more to be on.

The latest previous compromise agreement among the factions collapsed after less than 24 hours.

## SAYS FRUIT TO

are "mighty choosy" about their location. And unlike apples which can be planted in many locations, they "really don't bear enough when not in the proper location to make them worth-while under present circumstances."

He urged that growers "consider a pick-your-own program for those orchards which give a full crop only once out of every five years."

One grower, he said, disposes of 600 tons a year by the "pick your own method." He added: "You have Harrisburg, York, Baltimore, Frederick, Lancaster and Washington to draw from. With an active 'pick your own' campaign you could sell these cherries to people who would drive her and pick them. Half your cost is in the picking. You could get eight to 10 cents a pound for pick-your-own cherries. But you would have to build up lists of names of people to send cards to to tell them when the cherries would be ripe. And you would have to have someone there to assign trees to the people and weigh the cherries they pick and provide them with ladders. You would probably have less damage from the pick-your-own people than you do now from careless pickers."

### ARGENTINIAN COMING

He spoke of problems of rooting in dwarf stock for fruit trees and said planting should "be where the wind won't hit in full force." Hurricanes have uprooted many trees on dwarf root stock, he said.

Dr. Carlton Taylor of the Pennsylvania State University announced that a scientist from Argentina will arrive here about the middle of July to spend some months with Dean Asquith at the Arendtsville Fruit Laboratory studying mite control. Taylor showed a slide of mite damage in Argentina taken by him last year. He commented: "Don't brag about your troubles, he's really seen troubles."

### HARVEST HOLIDAYS

John Pepper, of Pennsylvania John Pepper, of Penn State Extension Service reported he is "worried over the mite situation," saying there may be a development of resistance to some sprays by the mites.

Generally Pepper and Taylor were optimistic about the fruit situation at present in regard to insect and fungi damage, but urged continuation of sprays in accordance with the schedule sent earlier to the growers and in accordance to notices being sent regularly.

President Paul Pitzer announced that in addition to the Apple Harvest Holidays program on October 13 and 14 the fruitgrowers are also considering another "field day" sometime in August. The last field day, several years ago, turned into a "four-state" program.

### ONE PIE ENOUGH

Kenneth Alwine, of the C. H. Musselman Co., termed the present season "the darndest ever" in trying to determine a date for the start of cherry processing. He said no date can be announced yet, but will depend on "how the weather is for the next 10 days. We wish we could have an answer now but we can't."

Bittner in his talk, commenting on the cherry surplus observed, "The sad part about it is that if every housewife baked just one more cherry pie there would be no surplus, there would be a scarcity."

The average girl needs more beauty than brains because the average man can see better than he can think.

## TWO JUDGES TO DETERMINE ATTIG GUILT

CARLISLE—Cumberland County

President Judge Dale F. Shughart Thursday set the stage for final determination of the fate of Gene E. Attig of Enola, who has admitted he fatally stabbed his wife on February 1.

Following the conclusion of a day-and-a-half hearing on the case Thursday, Judge Shughart ordered that a transcript be made of testimony given during the hearing. He stipulated that the transcript be presented within 10 days or two weeks.

Then, he said, special argument court will be scheduled on the matter. Following argument, the court will determine the degree of murder and the penalty.

### FOUND SANE NOW

Before the hearing closed Thursday Dist. Atty. Harold S. Irwin Jr. was directed by Judge Shughart to read the detailed autopsy report on Mrs. Attig prepared by Dr. F. W. Brason, a Harrisburg Hospital pathologist.

Clinton Weidner, one of two attorneys representing Attig, introduced 14 character witnesses for the defendant, eight of whom testified briefly.

Finally, Harrisburg psychiatrist Dr. Joseph S. Fager told the court there were doubts as to whether the killing was premeditated, although, he said, he considered Attig to be presently "sane" and "mentally competent."

Attig pleaded guilty last month to a "general charge" of murder following his indictment by a grand jury. In addition to Judge Shughart, Judge Robert Lee Jacobs has been presiding in the case.

## COMPROMISE IN LAOS SHAKY

VIETIANE, Laos (AP) — A compromise agreement to permit installation of the new coalition government of Laos broke down today after less than 24 hours.

Phoumi Vongvichit of the pro-Communist Pathet Lao group told newsmen that Gen. Phoumi Nosavan, leader of the pro-Western right-wing faction, had reversed himself and once more insisted that the royal decree installing the new government include mention of the conservative-dominated National Assembly.

Vongvichit said in addition a disagreement had developed over two other constitutional points relating to inauguration of the coalition headed by neutralist Prince Souvanna Phouma. The government is to include neutralists, pro-Communists and right-wingers with Gen. Phoumi and Prince Souphanouvong, leader of the Pathet Lao, as deputy premiers.

Vongvichit reported the new obstacles after a one-hour meeting with Prince Souvanna and Gen. Phoumi.

The right-wing leader had announced Thursday night that the three factions had settled their differences and the way was clear for installation of the new cabinet on Saturday.

NEW YORK (AP)—Mrs. E. Parmalee Prentice, 91, last surviving child of John D. Rockefeller, died Thursday following an illness of several months. She became the last of the generation when a brother, John D. Rockefeller Jr., father of Gov. Nelson A. Rockefeller, died in 1960.

Bellevue Hospital, N. Y., entitled "What to Do Until the Psychiatrist Comes, or How to Live with Yourself."

Dr. Banks said, "There is no such thing as human behavior without a reason. Everybody wants four things — to live; to be important; to have someone love him; and to have a little variety in life. All are frustrated to some degree; it is what kind of adjustment we make that is important." He said that out of a group of 25 children on any playground two will land in a mental hospital, four will be profoundly neurotic, four will be mildly neurotic and eight to 10 will be fairly normal.

Miss Rutledge said the tape is available for use by any local group by calling her.

## NEW HEAD OF LUTHERAN UNIT

CLEVELAND (AP)—Dr. Oliver

R. Harms of St. Louis, newly-elected president of the Lutheran Church—Missouri Synod, says the emphasis in his three-year term will be on expanding missions work and working toward establishing 135 new congregations a year.

Delegates to the 2½ million-member denomination's convention elected Dr. Harms on the fourth ballot Thursday to succeed 78-year-old Dr. John W. Behnken, president for 27 years. Dr. R. P. Wiederaenders of Corpus Christi, Tex., was elected a vice president on the primary ballot for that of vice. Three more vice presidents are to be elected.

At a news conference, Dr. Harms said he foresees no change in the path of the Missouri Synod under his administration. The Synod is the largest Lutheran Church in America.

## SENATOR CASE OF S.D. PASSES AWAY TODAY

WASHINGTON (AP) — Sen. Francis Case, R-S.D., a 25-year veteran of Congress, died today. He was 65.

Case, born in Everly, Iowa, on Dec. 9, 1896, served seven terms in the House and two in the Senate.

He was the ranking Republican member of the Senate Public Works Committee.

Case long had been associated with legislation concerning water conservation and the nation's highways.

He was treated at the nearby Bethesda Naval Hospital in mid-March for what was described as a mild heart involvement after an earlier bout with the flu.

He was taken back by ambulance from the Capitol Thursday night and died at 9:19 a.m. today.

Case, a former newspaper editor, raised Hereford cattle and saddle horses on his ranch near Custer in South Dakota's Black Hills. He was an expert horseman.

From the Files of the

The Gettysburg Times  
FIFTEEN YEARS AGO

**Eisenhower Wedding:** Miss Barbara Jean Thompson and Capt. John Eisenhower, son of General and Mrs. Dwight Eisenhower, were married at the Centaurian Church, Fort Monroe, Va. A reception was held after the ceremony at the Officers' Beach Club.

**Engagement:** Mr. and Mrs. Morris Gitlin, Carlisle St., announce the engagement of their daughter, Doris, to Sol Beaver, son of Mr. and Mrs. Max Beaver, New York City. Miss Gitlin graduated from Gettysburg High School in 1945 and attended Penn State College. On June 6 she graduated from the Laboratory Institute of Merchandising, New York. Mr. Beaver served in the Army Air Corps for two years and is now studying electrical engineering at Adelphi College, Long Island.

**Worley Leads Opposition To Judges Raise:** Francis Worley, Adams county's representative in the General Assembly, took the floor in the House at Harrisburg Friday to voice opposition to a bill boosting judges' pay 18 to 20 per cent. The bill later was passed by a vote of 157 to 15. He assailed the bill as a "lavish waste of public funds and a drain on the public treasury." Representative Worley said the pay increase contributes to "a government by the people, of the politicians and for the big shots." After passage of the judges' pay bill, Representative Worley told newspapermen that in his opinion legislators are "the puppets of judges." Mr. Worley cast the only vote against the extension of the Turnpike when the state house passed the measure by a vote of 203 to 1. Despite the overwhelming sentiment in the house in favor of the measure Mr. Worley voted "no" when his name was called on a roll call vote. The Turnpike Commission is now empowered to extend the "dream" road from its eastern terminus near Carlisle to Philadelphia.

**Dr. Stoner Will Practice Here:** Dr. David C. Stoner, native of Gettysburg and son of the late Mr. and Mrs. C. A. Stoner, today announced the opening of a practice of general medicine at 20 West Middle St. Dr. Stoner, who recently was discharged from the navy after serving eight years, was graduated from Gettysburg High School in 1929 and from Gettysburg College in 1933. He graduated from the School of Medicine, University of Pennsylvania, in 1939 and was immediately commissioned in the navy. He served at the Philadelphia Naval Hospital, Norfolk Navy Yards and at the Guantanamo Naval Base, Cuba. At sea he served aboard the USS Mattole, a tanker, in the North Atlantic; the USS Canberra, heavy cruiser, in the Atlantic and Pacific. While aboard the Mattole Dr. Stoner met Lt. Commander Murray B. Frazee in mid-Atlantic while Frazee's ship was being refueled. Dr. Stoner married the former Miss Bette Miller also of Gettysburg. They have three children and are residing on York Street. The local physician was discharged as a commander in the navy.

**Jim Hartzell Married:** The marriage of Miss Jean Anne Miller, daughter of Mr. and Mrs. Arthur G. Miller, Freeport, L. I., and Mahlon P. Hartzell Jr., son of Mr. and Mrs. Mahlon P. Hartzell, was solemnized at 11 o'clock this morning in the rectory of the Catholic Church of the Holy Redeemer at Freeport. The attendants were Mr. and Mrs. Joseph Kamandulis, the latter a sister of the bride. Mrs. Hartzell is a graduate of Gettysburg college, class of 1947, and was valedictorian of her class. She was a member of Delta Gamma sorority, Phi Beta Kappa, Dramatist, and Gettysburg Honor Society. Mr. Hartzell, a graduate of Gettysburg High School in 1935, graduated at Gettysburg College in 1939. He entered the army on Dec. 8, 1942, and spent 40 months in the service.

## Today's Talk

**"LETTING OFF STEAM"**  
"There are times when I should just love to run out in the middle of the street and scream," a highly intelligent woman friend of mine once remarked.

"Go ahead and do it," I advised her. "It will do you no harm and may do lots of people good — just because many people feel the same way as you do."

I too, have always keenly appreciated the fact that our civilization is so mixed up and runs so cross-wise that it really becomes a difficult thing just to live at times. And, to my notion, the saving power of humanity lies in its "letting off of steam" — if let off at the proper time.

I am not a believer in bottled up emotions. I have always observed that the person who gives way occasionally to temper, or to tears, clears the atmosphere and makes himself or herself a better and more livable person afterward.

Much more than a man is a woman an emotional mechanism. Her fine sensibilities, her quick instinct and accurate discernment demand as wide a field for conquering as that of a man. She, too, must have her emotional outlet. It's the bad things in us that we throw off and eliminate, leave, drop, and walk over that make us more capable along lines most worthwhile.

If a woman feels like crying or a man like swearing (refinely!) go ahead and cry — or swear. It is one of the safest ways of "letting off steam" of which I know. But, of course, one doesn't want an audience.

Both women and men now enter into every phase of useful activity. And for every new interest there should be a safely valve through which caged up forces may leave, to serve their good in the world and to make possible the new creations in a character.

Tomorrow Mr. Adams will talk on the subject: "Human Contacts" Protected, 1962, by The George Mathew Adams Service

**County Couple Wed Today:** Miss Mary Rohrbach, daughter of Mr. and Mrs. C. Russell Rohrbach, R. 2, and Edward F. Redding, son of Mr. and Mrs. Edward J. Redding, R. 5, were united in marriage at the rectory of St. John's Catholic Church, Westminster, Md. They were attended by the bridegroom's sister, Miss Vera C. Redding, and John J. Smith, R. 5. Mrs. Redding attended Gettysburg High School and is now employed by the G. C. Murphy Co. Mr. Redding is a graduate of the parochial school and the Gettysburg High School in the class of 1943 and is now engaged in farming with his brother. Immediately following the ceremony a wedding breakfast was served to the bridal party at the Charles Carroll Hotel after which the newlyweds left on a honeymoon of unannounced destination.

**Truman Vetoes Tax Bill:** President Truman today vetoed the \$4,000,000,000 tax reduction bill, virtually killing any possibility of a cut in income taxes this year. The Republican-dominated Congress will vote on whether to pass the bill over the veto, but backers of the legislation conceded they saw no chance for success. It re-

## Just Folks

**I KNOW NOTHING OF ART**  
I keep my mouth shut when the sages start  
To voice opinions of some painter's art.  
For mastery is mystery I've found.  
I cannot view a square and think it round.  
I lack that subtle something which can feel  
More than the painted canvases reveal.

Mine is a simple mind, nor vast nor deep.  
My shepherds must be guarding honest sheep.  
At blurs of green and gray I cannot stare  
And find enchantment, though it may be there.  
I like to look at ships and hills and trees,  
Not something which the artist only sees.

I want my picture pretty. That's enough  
To prove that I like ordinary stuff.  
I'm very apt to think a daub is grand  
If it is something I can understand  
Or sneer at some old master if it seems  
To me the product of unhappy dreams.  
So when the conversation turns to art  
I keep my mouth shut—which I think is smart.

## HAVE SELLOUT FOR SPEECH BY IKE TONIGHT

By JACK BELL  
WASHINGTON (AP) — Republicans expect former President Dwight D. Eisenhower to rip into the Kennedy administration's domestic program tonight at a \$300,000 fund-raising dinner.

Aides of Rep. Bob Wilson of California, chairman of the Republican Congressional Campaign Committee, reported an advance sellout of 3,000 seats for the \$100-a-plate dinner to be held on two floors of a local hotel. Of the funds raised, 75 per cent will go to House and 25 per cent to Senate candidates.

Eisenhower, who seems to be enjoying a political role more than he ever did while in the White House, has emerged as the single national figure around whom all Republicans seem able to rally in their efforts to regain control of the House in the November elections. Senate and House campaigns ruled out any other speaker for tonight's affair.

**IKE'S FREE**  
The former president is getting the kind of national attention with his attacks on the Kennedy administration that Wilson, GOP National Chairman William E. Miller and Sen. Barry Goldwater, R-Ariz., with his large conservative following, have failed to command.

With Gov. Nelson A. Rockefeller busily engaged in efforts to get re-elected in New York and former Vice President Richard M. Nixon fighting for the governorship in California, Eisenhower remains one of the few leaders not engaged in what he might like to call "parochial" pursuits.

Beyond this, the former president has displayed a knack of dramatizing his opposition to some of Kennedy's proposals.

**DEEPLY CONCERNED**  
Eisenhower has been in tune with most Republicans in declaring himself "deeply concerned about the direction our economy seems to be going" under the Kennedy administration.

He had his party with him in attacking the President's "heavy

## SEP's Editorial Offices Moving

PHILADELPHIA (AP) — The Saturday Evening Post, founded by Benjamin Franklin 234 years ago in Philadelphia, is moving its editorial and advertising staffs to New York city.

The Curtis Publishing Co. said Thursday its executives have been commuting to New York for many years to meet authors and literary agents there.

Also moving to New York are the staffs of three other Curtis magazines, The Ladies Home Journal, American Home and Holiday. The shift is expected to be completed by September.

The circulation department, manufacturing and other divisions will remain in Philadelphia.

**WILL SCREEN; NOT MUZZLE**  
WASHINGTON (AP) — After several weeks of watching its officials take conflicting measurements of the economy, the Kennedy administration has revived procedures for coordinating domestic policy statements.

President Kennedy reportedly was concerned, and executives around the tables of corporation board rooms confused, by the spray of opinions from Washington.

Now, according to administration sources, speeches and statements in thorny areas will be coordinated. That means they'll be screened, probably at the White House, to make sure they express consistent policy.

Administration sources insist there will be no muzzling in connection with domestic policy utterances. And they say the understanding among various agencies to assure coordination came about as a natural development, not as the result of a directive.

## MUNDT, CURTIS ASK KENNEDY TO SPEAK OUT

WASHINGTON (AP)—Sen. Karl E. Mundt, R-S.D., invited President Kennedy today to speak out on what Mundt called an attempt by Secretary of Agriculture Orville L. Freeman to thwart a Senate investigation of the Billie Sol Estes case.

Mundt and Sen. Carl T. Curtis of Nebraska, the two Republican members of the Senate Investigations subcommittee probing Estes' dealings with the Agriculture Department, Thursday accused Freeman of trying to intimidate them.

The two senators made public a sworn statement to subcommittee investigators from Thomas R. Hughes, Freeman's executive secretary, acknowledging that Hughes had ordered his staff to dig out of the department's files copies of all correspondence with

Ernie Banks of the Cubs paced National League shortstops in double plays in 1960 with 94, two more than Pittsburgh's Dick Groat.

Today, Mundt told a reporter "this matter addresses itself to President Kennedy himself, now. He ought to make it clear, for one thing, whether this is a standard operating procedure in government, to employ these tactics against Congress members, when situations arise."

Following with a statement of his own, Freeman said there never was any intention to make public any material in the file, "but rather to review matters of concern to the senators by examining inquiries they have directed to the department."

Today, Mundt told a reporter "this matter addresses itself to President Kennedy himself, now. He ought to make it clear, for one thing, whether this is a standard operating procedure in government, to employ these tactics against Congress members, when situations arise."

Mundt and Curtis, but not the letters of any other Congress member.

**UP TO KENNEDY**  
In a joint statement they described the search for correspondence as an "attempt to intimidate the minority members" of the subcommittee and a foredoomed move to "curry favor with the Democratic members" by not looking over their correspondence, too.

Following with a statement of his own, Freeman said there never was any intention to make public any material in the file, "but rather to review matters of concern to the senators by examining inquiries they have directed to the department."

## Lions Looking For Their Linebacker

DETROIT (AP)—Lost: One 246-pound linebacker—Dave Lloyd, if found, notify the Detroit Lions pronto.

"We might even have to offer a reward," said Bud Erickson, assistant general manager of the National Football League club. "We've sent wires, letters and tried to call Lloyd at several places and just can't locate him."

Lloyd came to the Lions in their six-player trade last March with the Cleveland Browns. Coach George Wilson talked with Lloyd once shortly after the deal. Since then he has vanished as far as the Lions are concerned.

## Whitey Ford Blanks Birds To Snap Yank Losing String As Angels Beat Kansas City

By BOB GREEN

Associated Press Sports Writer

If the American League has the shakes today, there are two good reasons for it.

One is Whitey Ford. The other is Mickey Mantle. Together, those New York Yankee roommates may hold the key to the league's pennant race. They have been on the injured list—Ford with an ailing arm, Mantle with an injured leg—and the perennial champion Yankees went into a tailspin to fourth place.

### TEST FOR MANTLE

But Ford, a lefty who compiled a spectacular 25-4 record last season, sent a tremor through the league with a three-hit shutout of Baltimore Thursday.

And now the rest of the league is watching Mantle, the switch-hitting Yankee star, Mickey is going to make the big test of his ailing legs in Detroit tonight.

Ford's 3-0 effort over Baltimore marked his first victory since May 9, and ended a five-game Yankee losing string. The win pulled the Yanks to within three games of the top when leading Cleveland lost to Boston 3-1.

### ANGELS ARE 2ND

The Los Angeles Angels scrambled into second place, four percentage points ahead of Minnesota, on the strength of a 3-1 triumph over Kansas City while the Chicago White Sox beat the Twins 6-2, Detroit stopped Washington 6-3.

Art Mahaffey's five-hit shutout brought Philadelphia a 3-0 victory over the Chicago Cubs in the only National League game scheduled.

Ford didn't leave much to guesswork in his effort against the Orioles. He allowed only three hits before developing a blister on his pitching hand. He retired after 8 2/3 innings and Marshall Bridges finished up.

### CHISOX BEAT TWINS

Clete Boyer and Hector Lopez drove in the first two New York runs and Bill Skowron's 10th homer finished up the scoring.

Earl Wilson and Dick Radatz combined for a three-hitter against Cleveland. Wilson (5-2), the Red Sox starter, got credit for the victory.

Chicago jammed in four runs in the first inning, then retreated behind the excellent relief pitching of Eddie Fisher (3-3) to beat the Twins. Fisher allowed only two hits in 7 2/3 innings of relief. A two-run double by Al Smith was the key hit in the White Sox big first inning.

### CUB STREAK ENDS

Bo Belinsky, the Angels' colorful lefty, pitched Los Angeles into percentage control of second with a seven-hitter. Belinsky got help from Billy Moran's run-scoring triple and Felix Torres' homer.

Pual Goldy's single in the seventh drove in the run that broke a 3-3 tie and put the Tigers ahead to stay against Washington. The Senators got homers from Chuck Hinton and Harry Bright, with Mike Roarke and Norm Cash hitting homers for the winners.

Mahaffey's shutout snapped a five-game Cub winning string and evened his record at 8-8.

## 2ND SHUTOUT FOR MAHAFFEY

PHILADELPHIA (AP) — "I think I'm on my way now."

Young Art Mahaffey of the Philadelphia Phillies voiced the confidence Thursday night after ending Chicago's five-game winning streak with a 5-hit, 3-0 shutout over the Cubs. It was his second straight shutout and evened his record at 8-8.

"I thought I had real good stuff," said the fastballing right-hander. "When I got runners on base it didn't matter."

He referred to the first inning when he worked out of a bases loaded situation with only one out. After that Mahaffey gave up only three singles.

"My arm felt better than it ever did over the last month," he said pointing out that from time to time previously he had been bothered by stiffness.

Rookie Ted Savage, with three hits in four trips, sparked the Phillies' seven-hit attack against southpaw Dick Ellsworth and reliever Barney Schulz. Savage batted in one run and scored another.

### Seattle Woman's Golf Title Today

SCRANTON, Pa. (AP) — Mrs. John Dyson of Hazleton plays Mrs. Harton Semple of Sewickley today for the Pennsylvania Women's Amateur Golf title.

Each won the right to play in the 36-hole title match by defeating a Philadelphia Thursday.

Mrs. Dyson beat defending champion Alice Gray of Merion Cricket Club, 2 and 1. Mrs. Semple downed Mrs. John Capers, another Merion member, 3 and 2.

## Parking Lot May Hold Clue To Old Indian Village, Bac

By MURRAY SINCLAIR

TUCSON, Ariz. (AP)—The parking lot in front of a historic mission may hold the clue to the life, customs and religious practices

of a pagan people who lived in the Southwest long before the first Spanish Christians arrived.

Dr. Bernard L. Fontana, a University of Arizona anthropologist, is nearly convinced he has found the site of the once-flourishing village of Bac, whose people probably abandoned their homes because of a curious belief concerning the dead.

### NEAR OLD MISSION

His archeological diggings are located in front of the Mission of San Xavier, recognized as one of the finest examples of mission

architecture in the nation. It is the oldest Spanish mission still in use—an Arizona landmark.

But the village of Bac, the biggest Indian community on the Santa Cruz River when the first Spaniards arrived, slipped into oblivion unnoticed.

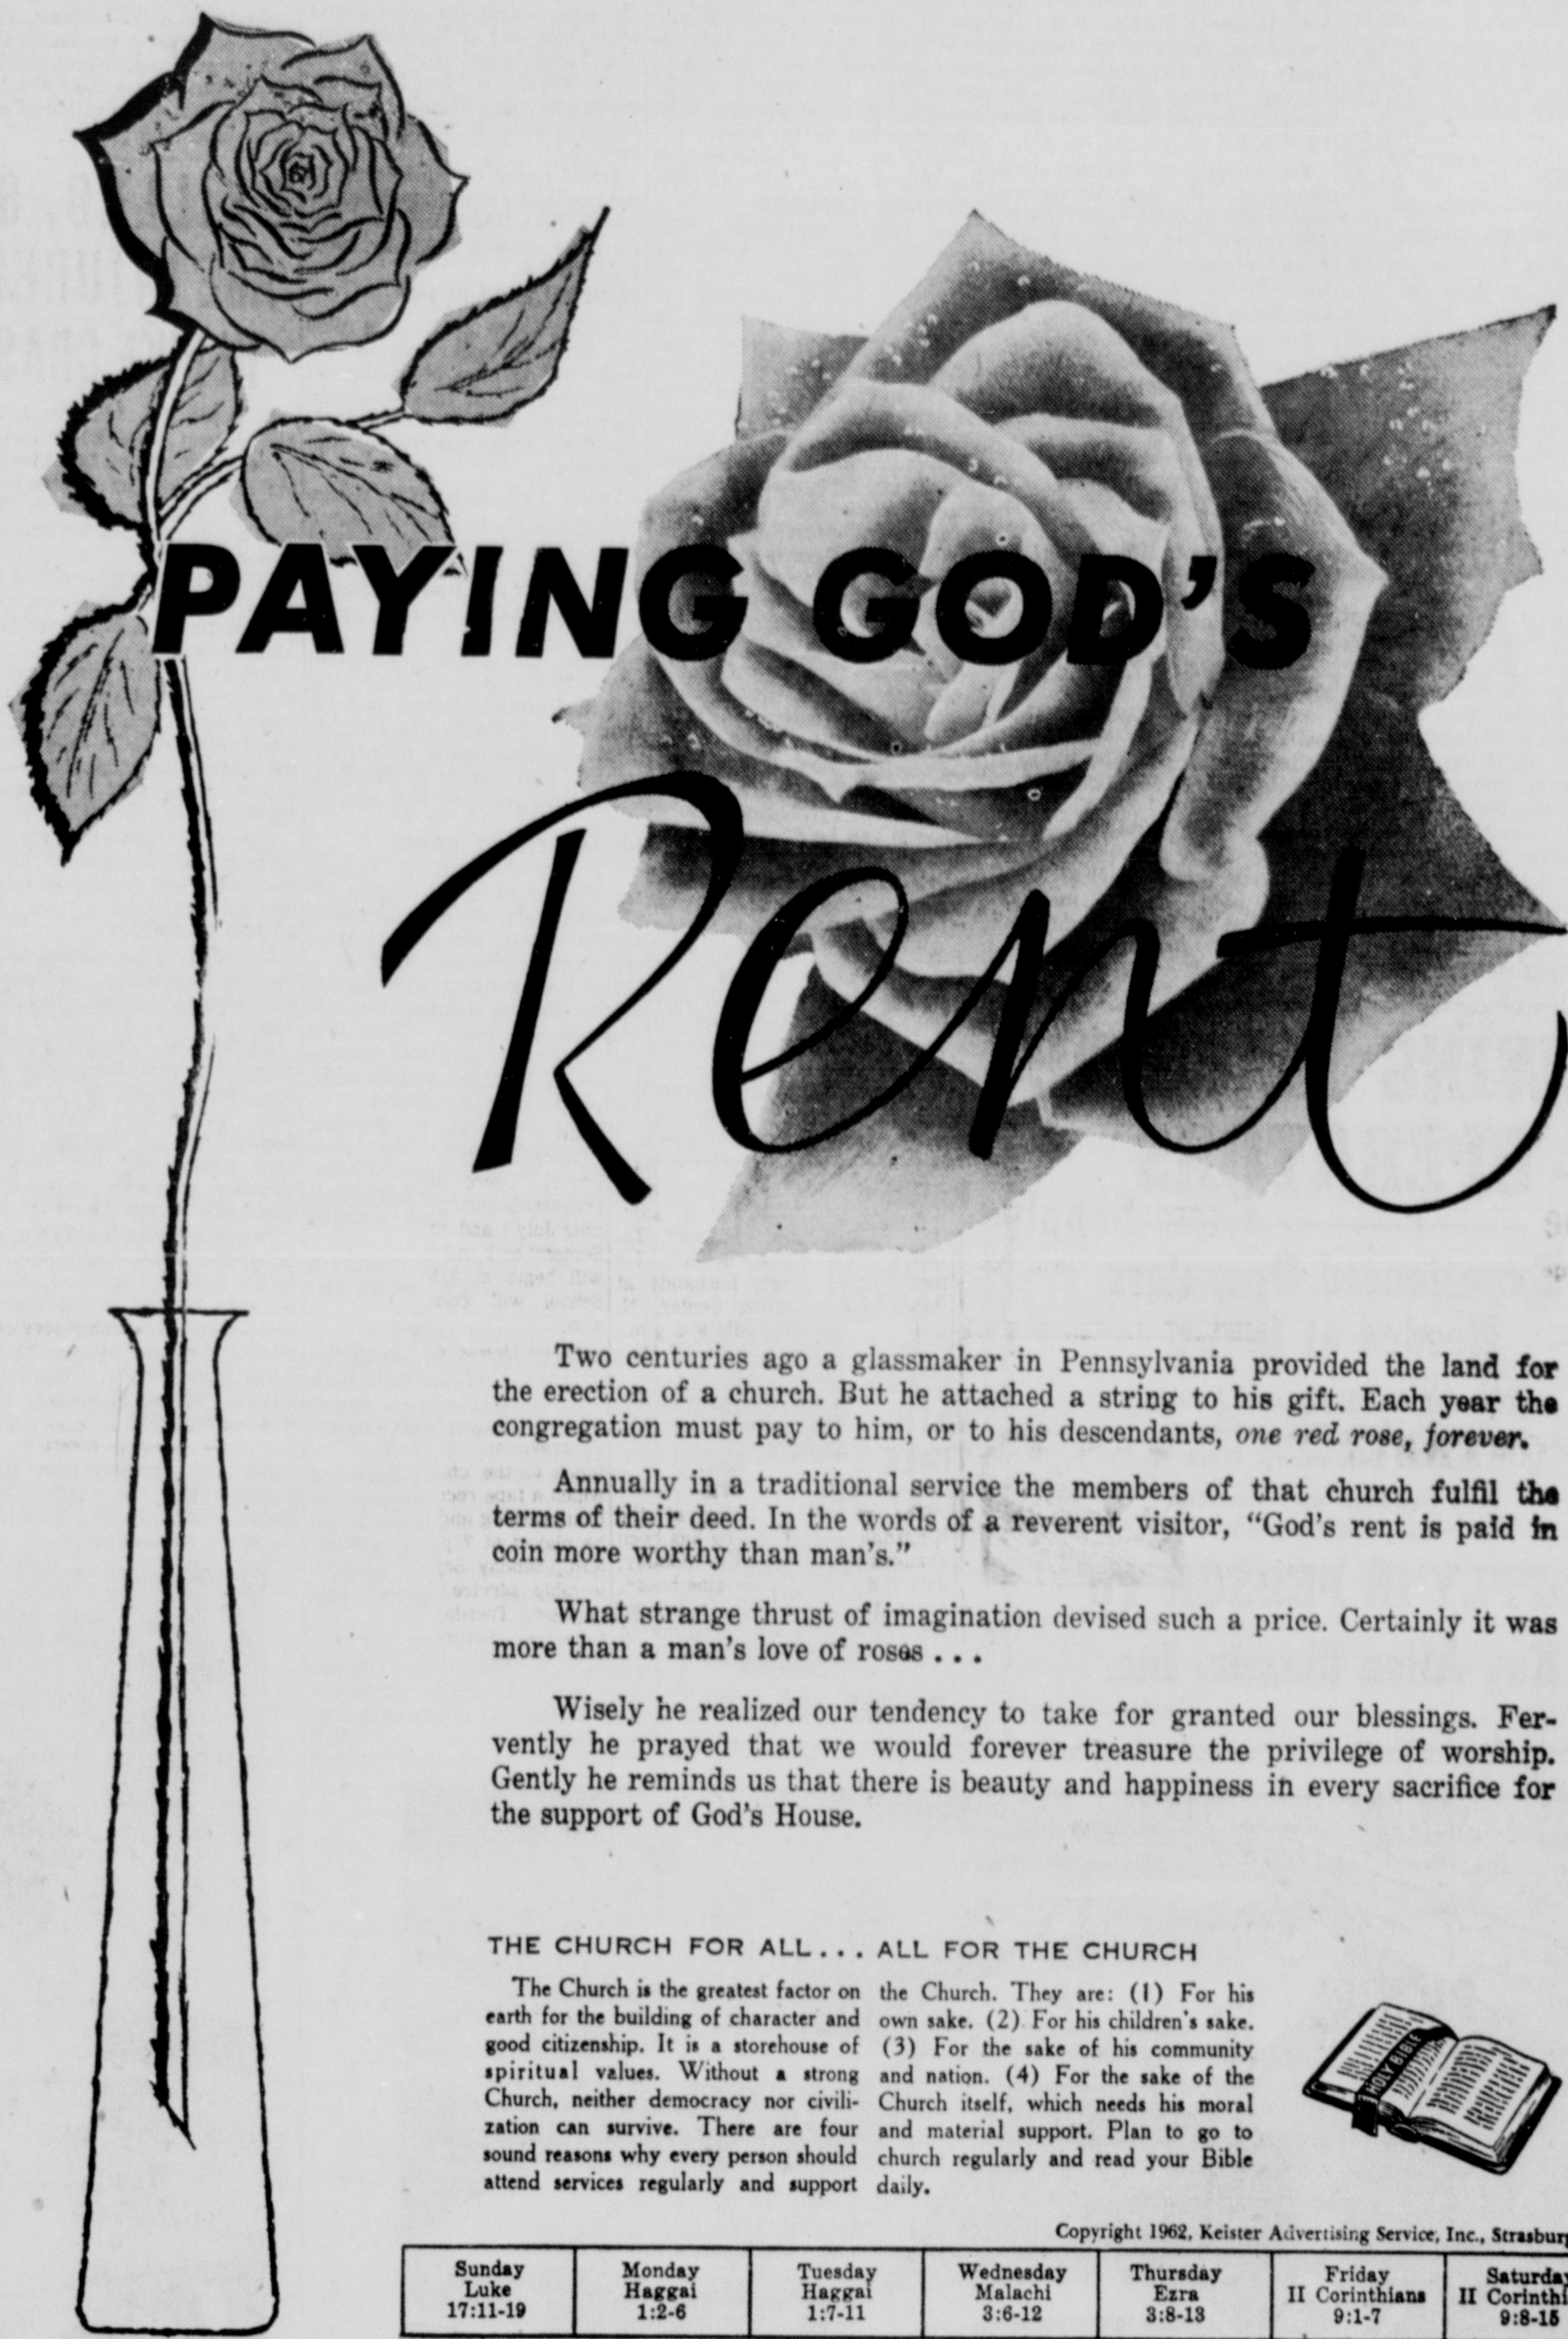

Dr. Fontana began his search for the old village of Bac four years ago. He figured it must be near the known site of the original San Xavier Mission built by Father Eusebio Francisco Kino, S.J., in 1692. The present mission, built in 1783, is in a different location.

By studying the terrain, Dr. Fontana figured out the logical spot for the village in relation to Father Kino's mission. It turned out to be where the parking lot of the present mission is located, so that's where he began to dig. There is still a village of Bac, built around the fringes of the parking lot. With 200 people, it is still the most important of six units on the San Xavier Reservation.

"These Indians are interesting," Fontana says. "For more than 250 years white men have been

coming and going, trying to get them to change their ways. They are still here, and in temperament I believe they are about the same today as when Father Kino first arrived back in 1692."

WASHINGTON (AP)—The Public Housing Authority announced Thursday that a \$390,859 loan will be made to the Huntingdon County, Pa., Housing Authority to finance construction of 26 low-rent homes in Mount Union for elderly persons.

Two centuries ago a glassmaker in Pennsylvania provided the land for the erection of a church. But he attached a string to his gift. Each year the congregation must pay to him, or to his descendants, *one red rose, forever.*

Annually in a traditional service the members of that church fulfil the terms of their deed. In the words of a reverent visitor, "God's rent is paid in coin more worthy than man's."

What strange thrust of imagination devised such a price. Certainly it was more than a man's love of roses . . .

Wisely he realized our tendency to take for granted our blessings. Fer- vently he prayed that we would forever treasure the privilege of worship. Gently he reminds us that there is beauty and happiness in every sacrifice for the support of God's House.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

# TOUCHY POINT IS REACHED IN DUTCH DISPUTE

By DON HUTH

SINGAPORE (AP)—A potentially explosive point has been reached in Indonesia's dispute with the Dutch over West New Guinea.

President Sukarno's attitude on the issue is swinging toward open conflict. It will be hard for him to back up without losing face. He has promised the Indonesian people West New Guinea will be theirs by the end of this year. Sukarno has bluffed before, but there is an air of concern that this time he means what he says.

## ATTITUDE CHANGED

His public statements, until early this month, put more emphasis on a negotiated settlement of the West New Guinea issue under a plan sponsored by American diplomat Ellsworth Bunker. This proposal eventually would give the right of self-determination to the predominantly Papuan population of New Guinea.

The president's attitude now has changed and he is making no pretense of concealing it. His chief spokesman, Foreign Minister Subandrio, says Sukarno is telling his advisers that a military showdown is the only solution.

Indonesian officials, from Subandrio down, talk more today of open conflict than they do of a diplomatic decision. Senior military officials, especially those working with the present operations against New Guinea, are ready to take the plunge.

## WILL BACK FIGHT

Sukarno can be assured of support from his people if he decides on an all-out fight. He still wields a magnetic influence over his 96 million people who believe "Bung Karno" can do no wrong. The government-controlled press is urging him to discard any thought of negotiation and to launch a full-scale liberation campaign.

Indonesian officials appear convinced that the major Western powers would not interfere if war

# More Criminal Charges Are Filed Against Estes

EL PASO, Tex. (AP) — Fresh criminal charges piled up Thursday against Billie Sol Estes, the West Texas promoter whose chemical fertilizer, grain storage and cotton growing operations involved millions of dollars.

A federal grand jury indicted Estes, 37, on charges of mail fraud and conspiracy from one state to another.

There are 29 counts in the indictment, which also named three other men and a business firm. The same grand jury accused them earlier of fraud through mortgages on fertilizer tanks, charging some of the tanks never existed.

Estes' varied enterprises are in the hands of a court-appointed receiver. He testified last week that his debts exceed assets by about \$17.5 million.

## SEEK SALVAGE PLAN

Creditors are studying a plan to reorganize and operate the businesses in hope of getting all their money back. Otherwise they have been advised the federal court will order bankruptcy proceedings.

Texas Atty. Gen. Will Wilson said in Austin, at about the same time the indictment was returned here, that he will dig deeper into Estes' affairs in a court of inquiry at Pecos, the promoter's home town.

Wilson has sought information about Estes' grain storage and cotton allotment dealings and his relations with Washington officials in six previous courts of inquiry. He has given notice of intent to file a state antitrust suit against Estes.

## NO ADDITIONAL BOND

U.S. Dist. Judge R. E. Thomson said he would not require additional bond of Estes, who posted \$10,000 bail on the other federal indictments, returned April 5. The court's ruling also applies to the other defendants, free under smaller bonds. They are Harold Orr, 31, and Ruel Alexander, 36, of Amarillo; and Coleman McSpadden, 45, of Lubbock.

Orr is president of Superior Manufacturing Co., the firm named in the indictment. Alexander is secretary and McSpadden is a director of the tank building firm at Amarillo.

The latest indictment charges a scheme to defraud by selling fer-

## 9 PAINTINGS DAMAGED BY ART THIEVES

PITTSBURGH (AP)—Art dealer Albert Duveen says the nine paintings stolen from millionaire art collector G. David Thomson last year were damaged to the tune of almost \$200,000 by the thieves.

Ten paintings were slashed from their frames by the thieves last July 28 in Thompson's home in suburban Whitehall. One was returned during ransom negotiations and the FBI later recovered the other nine. The thieves have not been caught.

Before the nine paintings were recovered, the Insurance Company of North America paid Thomson \$189,000 for their loss. Thomson must return this money, less depreciation caused by mishandling of the paintings by the thieves.

Duveen, testifying in court Thursday on behalf of Thomson, estimated the value of the paintings, including several Picassos, was reduced by \$199,750 through this mishandling.

A three-man panel of the National Association of Fine Art Dealers, testifying for the insurance company, had earlier estimated the damage at \$55,000.

Duveen said the paintings originally were worth \$570,000; the panel estimated their pre-theft value at \$416,000.

## ADVENTIST OPPOSES AID

SOMERSET, Pa. (AP)—Federal aid to parochial schools is "a clear violation of the long-standing principle of the separation of church and state," a Seventh-Day Adventist Church official says.

Roland R. Hegstand, of Washington, D. C., editor of "Liberty" magazine and an associate secretary of the Adventists' International Religious Liberty Association, discussed the subject Thursday at the 59th annual meeting of Western Pennsylvania Adventists at nearby Edgewood Grove.

Hegstand warned that federal aid to parochial schools "can lead only to eventual control by the state over education."

He noted the Seventh-day Adventists have the third largest parochial school system in the nation and would stand to profit from federal aid. Nevertheless, he said, the Adventists oppose such aid.

"To ask American citizens of other religions or no religion to support by their tax dollars doctrinal teachings with which they do not agree would, in the opinion of Seventh-day Adventists, be a very serious breach of constitutional principles," he said.

LANCASTER, Pa. (AP)—Mrs. Helen G. Sinclair, 31, of Lancaster, was sentenced Thursday to an indeterminate period in the Muncy State Industrial Home for the May 11 fatal shooting of Jeremiah J. Stewart. Mrs. Sinclair, mother of five, pleaded guilty to the slaying.

## WALTER PRESIDES

WASHINGTON (AP)—Democrats and Republicans agree that Rep. Francis E. Walter, D-Pa., did an exceptional job in presiding over the often-bitter debate on the Farm Bill this week. Walter, who often presides when the House meets as a committee of the whole to work out legislation, was given a standing ovation for his effort Thursday night.

## FUGITIVE CAUGHT

CHESTER, Pa. (AP)—Ernest (Snow) Garrett, 24, a prisoner at Broadmeadows who drove off in the guard captain's car, was captured Thursday while walking along railroad tracks. Garrett, a trusty, had been washing the car Monday outside the prison walls. The car was found abandoned two days ago.

## AWARD FOR WIDOW

PITTSBURGH (AP)—The Pittsburgh Labor Day Award will be presented to Mrs. Elizabeth Lavery Murray, widow of labor leader Philip Murray, on Sept. 3, it was announced Thursday.

The award is sponsored by the Pittsburgh Roman Catholic Diocese and local labor groups.

Batting — Carroll Hardy, Red Sox, hit a two-run homer for all the scoring Boston needed in a 3-1 conquest of American League-leading Cleveland.

Pitching — Whitey Ford, Yankees, troubled with an arm injury all season, shut out Baltimore on three hits before retiring after 3 2-3 innings, ending a five-game New York losing string.

## Driver Arrested 3 Times In 2 Days

CHARLOTTE, N.C. (AP)—John Florio Otto, 19, arrested for speeding on two consecutive days, was convicted in Recorder's Court on both counts Thursday.

He was fined a total of \$25 and court costs, and his driver's license was revoked for six months.

Patrolman D. L. Nivens followed Otto from the courtroom. Nivens said Otto got into his car and started to drive away. Nivens arrested him for driving after his license had been suspended. Otto posted bond of \$100 on that charge.

## End West Coast Maritime Dispute

SAN FRANCISCO (AP)—Contract agreement was reached in the West Coast maritime dispute Thursday night, nine days before the end of an 80-day Taft-Hartley cooling off period.

The nine-month quarrel erupted in a four-week strike in March and April that idled some 60 ships and several thousand men, caused a shortage of some food supplies in Hawaii and brought on presidential intervention.

James J. Healy, special mediator and President Kennedy's personal representative, announced the agreement at a news conference and said representatives of the ship owners and the unions would submit it to their respective memberships, with recommendation for approval.

Healy, former Harvard professor, said the proposed contract runs to June 15, 1963.

## SERVICEMEN ACTIVE

Lance Cpl. Larry Herring, USMC, son of Mrs. N. Herring, 1331 E. Middle St., is serving with Marine Air Base Squadron 26, a unit of Marine Aircraft Group 26, at the New River Marine Corps Facility, Jacksonville, N.C.

## SARLIE FACES NEW CHARGES IN NEW YORK

NEW YORK (AP)—Jacques Sarlie, financier and art connoisseur described as a Wall Street associate of Edward M. Gilbert, who fled to Brazil, has been accused of fleeing to France and leaving a \$754,000 stock order unpaid.

The Dutch-born Sarlie, 47, was sued in State Supreme Court Thursday by the brokerage firm of McDonnell and Co., Inc. The firm contended Sarlie fled to Paris June 9 or 10 to defraud creditors and to avoid payment for stock purchased during an attempt to gain control of Celotex Corp.

Gilbert, who flew to Brazil June 13, had been buying up Celotex stock and seeking a merger of Celotex with E. L. Bruce Co., the wood flooring concern of which he was president and a director. Gilbert faces claims arising from his admittedly unauthorized "withdrawals" of \$1,953,000 from E. L. Bruce.

## PATRON OF ARTS

Sarlie, who came to America in 1940, amassed a personal fortune and, in 1960, collected \$1,203,160 from a London auction of 51 of his paintings, most of them Picassos. He said at the time he would use the money to encourage the arts.

The court complaint against Sarlie stated that he ordered 17,800 shares of E. L. Bruce stock and 11,700 shares of Celotex between May 31 and June 8. On May 28 the stock market suffered one of its sharpest declines since 1929.

John E. Hoffman, attorney for McDonnell and Co., said in court he believed that Sarlie was an associate of Edward M. Gilbert in trying to acquire control of the Celotex Corp.

The 1960 census counted 9.7 million foreign-born residents in the United States.

## TELEVISION'S JARGON MAKES MANY CHANGES

By CYNTHIA LOWRY  
AP Television-Radio Writer

NEW YORK (AP)—Television, like other occupations and businesses, has its own jargon—special use for words. But it is a swinging thing, subject to change from season to season.

Herewith, then, a quick updating of some of the recent twists and turns of television-ese:

"Interview in depth"—Any talk session lasting more than two minutes, including the routine identification, occupation, are-you-married and how-many-children questions.

### FAMILIAR TERMS

"Dramatized documentary"—a play about narcotic addiction or juvenile delinquency.

"Adult drama"—Not a western or private-eye and the characters will use one or two mild swear words.

"Topical humor"—Wise cracks about anybody named Kennedy.

"Instant news special"—Lively and fuller repetition of material used earlier on a regular news show but with a different sponsor.

"Selected re-runs"—We need 13 shows to fill out the season, Charlie, pick up a batch from the vault and give me a list of the titles.

### ANNIVERSARY FOR ED

Sunday night's Ed Sullivan Show—a really big one because it's his 14th anniversary show closing the season—has so many stars (largely appearing in taped sequences) that they have had to list them alphabetically. The list runs from Steve Allen to Kate Smith (with names like Benny, Crosby and Lucille Ball in between).

But Sylvia Sullivan, Ed's attractive wife for 32 years, will be watching, as usual, a television set in the couple's apartment in a Park Avenue hotel.

"I don't think I've seen the program from the studio more than three times in all the years," Mrs. Sullivan reflected. "After all, it's made to be seen on television and that's the way I like to see it—anyway, I'm always nervous about how it will go."

### ON RECOMMENDED LIST

Recommended weekend viewing:

Tonight—"Breakthrough," NBC, 9:30-10:30 (Eastern Daylight Time)—Third of a series on recent advances in medicine, this one concerned with treatment of mental disease.

Sunday—"Ed Sullivan Show," CBS, 8-9 p.m.—anniversary show with a big roster of stars; TV

## Texans In Four Golf Matches

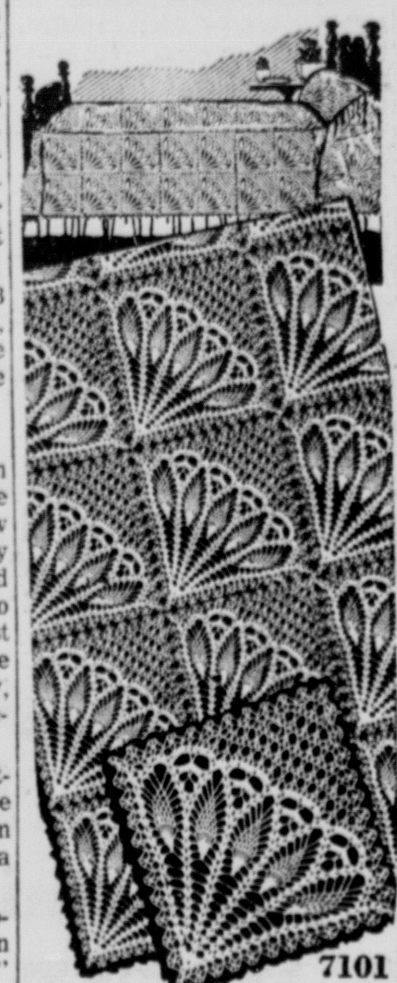

DURHAM, N.C. (AP)—It's Texas against the field today as the NCAA Golf Tournament plays its quarterfinal round.

There's a Texan in each of the four matches to be played on the Duke University Golf Course.

Medalist Kermit Zarley of the University of Houston, was matched with comeback kid Jim Ewing of Southern California in the opener. Don Wilson of North Texas State, a rangy 6-foot-2 who is dwarfed by 6-6, 235-pound teammate Bill Garrett, met him in the second match.

In the lower bracket, Jim Ferrell of Louisville drew the red hot Homero Blancas of Houston and Tim Shaw of Oregon moved against Mark Hopkins of Houston. Quarterfinal winners move into semifinals this afternoon, with the title match over 36 holes Saturday.

## A Lovelier You

By MARY SUE MILLER

**DUEL IN THE SUN.** When you set out to tan, don't make an endurance contest of it. You can't win!

Your skin is no match for the sun's rays with their power to burn, blister, freckle, dry and sometimes to cause permanent damage. If you hope to come

through the summer with your skin in one piece, prettily and healthily tanned, play a defensive game from the outset.

Before sunning always apply a suitable suntan preparation, one that befits your special needs. Most skins respond to products formulated with a sunscreen and moisturizer.

Sensitive or allergy-prone complexions require the special protection of a hypo-allergenic sunscreen cream. Its purpose is to reduce allergic reactions while filtering out the sun's burning rays.

But perhaps you are among the damsels who wish remain a paleface and yet live an outdoor life? Then use a sunblock, for it is the strongest deterrent to Old Sol's color-abilities. Or maybe you are an eager beaver and would like to look tan while you tan? The answer is a tinted, brone-tone sunscreen.

But whatever you use, do time your exposures. In the beginning that could mean no more than 10 minutes, particularly if your skin is fair or sensitive. Periods can be lengthened as you build up tan and tolerance. Even then make for the shade before you reach the boiling point. Boiling's for lobsters, not lovelies.

**A LOVELIER COMPLEXION**

Whatever your skin problems, to find a solution send for my booklet, "A LOVELIER COMPLEXION." Detailed advice contained includes the correct care for dry, oily, combination and normal skin types; proper application methods; treatments for blackheads, enlarged pores, circles, wrinkles, crepiness, etc. For your copy of "A LOVELIER COMPLEXION."

## CUPPER TOPS NCAA TENNIS

STANFORD, Calif. (AP)—The underdogs came through in a bunch to grab three of the four berths in today's semifinals of the NCAA Tennis Tournament, reversing half a week of formful play.

Rafael Osuna, Mexican Davis Cupper from Southern California, was the only one of the top four seeded players to survive to the round of four as Marty Riessen of Northwestern and Bill Lenoir of Arizona pulled upsets Thursday.

Osuna, seeded No. 1, almost didn't make it, needing nine match points before he eliminated Rod Mandelstam of Miami, 6-2, 8-10, 6-4. Osuna was obviously bothered by a strained right knee.

### COACH'S SON

Riessen, son of the Northwestern coach, ousted second-seeded Larry Nagler of UCLA, 8-6, 6-2. Lenoir routed third-seeded Bill Bond of USC, 6-1, 6-2. Riessen and Lenoir will meet today.

Osuna faces teammate Ramsey Earnhart, who knocked over Paul Palmer of UCLA in two 6-3 sets. Palmer earlier surprised fourth-seeded Bill Hoogs of California.

Osuna and Earnhart face Nagler and Palmer in one doubles semifinal and Bond and Dennis Ralston of USC take on Mandelstam and John Karabasz of Miami in the other.

USC, as expected, has already clinched its fourth team title and first since 1958.

### SIGN THREE TACKLES

GREEN BAY, Wis. (AP)—Green Bay Coach Vince Lombardi today announced the signing of veteran tackles Forrest Gregg, Norm Masters and Bob Skoronski, whose fierce offensive blocking helped power the Packers to the 1961 National Football League championship.

Since the 17th Century, tulip fanciers have searched for a black tulip. Growers have developed a tulip that looks black at a distance but really is an intensely dark shade of maroon.

## Expect Release From Active Duty

WASHINGTON (AP)—The Air Force said today the first members of the 112th Aircraft Control and Warning Flight of State College, Pa., are expected to be released from active duty on or about July 10.

The tentative schedule calls for their release at Bolling Air Force Base here.

Separation of the majority of the men in the 152nd Tactical Control Group, of which the 112th is a part, is scheduled for completion by July 29, the Air Force said.

The 112th, an Air National Guard outfit called up during the Berlin crisis, has been stationed at Beuchel, Germany.

## Turks Are Leading Wrestling Tourney

TOLEDO, Ohio (AP)—The Turkish star was rising today in the wake of a fine showing in the opening session of the World Wrestling Championships.

The Turks, who turned in a poor performance in the 1961 championships, moved into the lead Thursday night. They scored six victories against one loss and a bye in the first round and had fattened their score to eight victories part way through the second.

Russia, Japan and Iran had won six of 10 matches after completing part of the second round. The United States broke even with four wins and four losses, and two draws.

Periodic cicadas occur only in the eastern United States. After hiding out for 17 years, they emerge into the sun for a spree of mating, egg laying and singing. The cicadas are appearing this year.

MONTGOMERY GUILTY; GETS LIFE TERM

BUTLER, Pa. (AP)—Donald Montgomery was sentenced to life imprisonment early today in Butler County Court for his part in the arson murder of an elderly woman.

A jury of seven men and five women convicted the 19-year-old Brackenridge youth of first degree murder Thursday night in his second trial in the death of Mrs. Pauline Ritter, 69, of Cabot.

The prosecution had asked for the death penalty. But the jury showed mercy.

SHOWS NO EMOTION

Montgomery showed no emotion when the conviction verdict came in. His mother, seated in the front row of the court room, wept.

Charles Ganss Jr., 17, of Cabot was convicted earlier in the crime and sentenced to die in the electric chair.

The state said Ganss and Montgomery robbed the Ritters last Jan. 20, beat the husband, Raymond, with a rifle, then shoved the couple into separate closets and set fire to the house. Ritter escaped, but his wife perished in the fire.

FORMER MISTRIAL

Montgomery's first trial was declared a mistrial by Judge Clyde S. Shumaker who ruled the prosecutor used prejudicial remarks in his summation to the jury in calling the youth a professional criminal.

The jury got the case about noon Thursday and deliberated about seven hours before returning the first degree conviction. The panel then deliberated another 2½ hours deciding between life imprisonment or death.

Montgomery's mother, Mrs. James Montgomery, went to the stand and pleaded for her son's life before the jury went back to set the penalty. She described her son as timid and unaggressive.

Dist. Atty. Donald Doerr argued for the death penalty, saying Ganss and Montgomery were equally guilty. He also said a death verdict would help to deter similar crimes by young people who consider Montgomery their hero.

Pa. Jobless Pay Claims Decrease

HARRISBURG (AP)—Continued claims for unemployment compensation dropped from 161,489 to 153,424 in Pennsylvania last week—thanks mostly to recalls in the apparel, construction and primary metal industries.

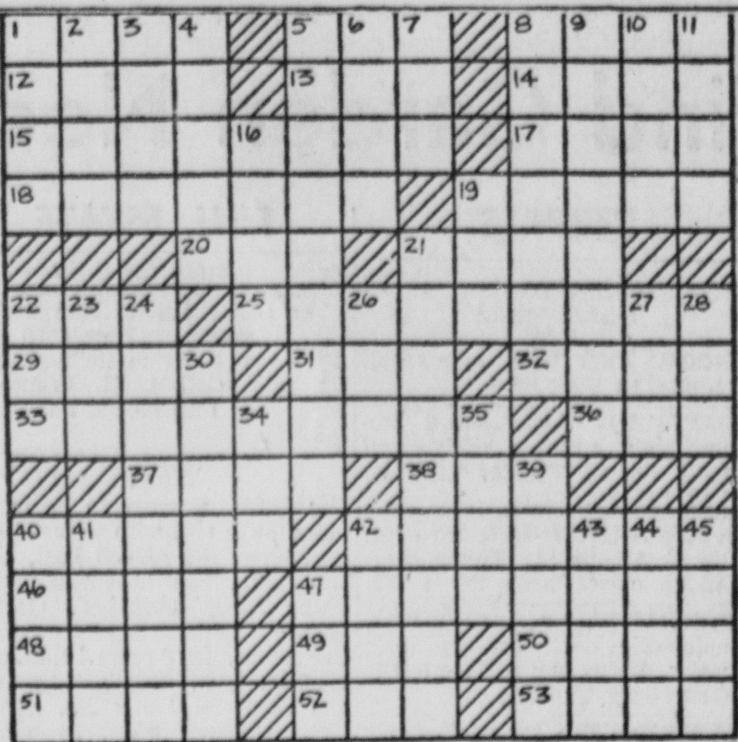

A. Allen Sulcove, state secretary of labor and industry, said Thursday the 153,424 figure was 71,987 lower than that of the same week a year ago.

Sulcove also noted a drop of 4,401—from 27,399 to 22,998—in new claims for unemployment compensation last week. He credited this decline to the closing of local claims offices for the June 14 Flag Day holiday.

BOYLE'S Grab Bag

By HAL BOYLE

NEW YORK (AP)—A remarkable number of husbands have noticed how much easier it has been to get along with their wives lately.

I have noticed this too, and I think I've solved the mystery. "My home life has been like a second honeymoon the last few weeks," a friend observed the other day. "My wife can't seem to do enough to please me."

REAL CONSOLATION  
"Every morning she asks me what I'd like to have special for dinner. If I don't want to go out in the evening, she says it's okay with her—that maybe it would be better if we both stayed home and rested."

"How has she been doing lately?"  
"Gee, I don't know," he said. "I've been too busy with my own worries to ask her."

"AS EASY AS THAT"  
Well, I couldn't wait to get home. My own wife has been toying—if that's the right word—with the stock market for several seasons. One year she made \$400, not counting her losses.

"It's much better than a slot machine," she once said. "You pick a good stock, wait until it goes up, then sell it. It's as easy as that."

That evening as I entered our apartment I told Frances, "I see the stock market went down again today."

She didn't seem to hear me.

"We're having your favorite kind of steak tonight," she said. "A friend of mine told me his wife lost \$150 on International Alibum, Unlimited," I lied. "Isn't that one of the stocks you were strong on?"

IT'S ONLY MONEY  
"Dear, you look like you've had a rough day. Here, lie down on the sofa. Let me help you off with your shoes. I'll go get your slippers, and—"

And she fled.

Well, stretched out on the sofa, I decided to drop the matter right there. No wife likes to admit to her husband she can't figure out a simple little old thing like a stock market.

After all, money is only money, and a sensible husband would almost be willing to see grass grow in Wall Street—if it made his nice wife nicer and his good home life better.
